Archdiocese of New York Grade 1 English Language Arts Parent Matrix

This parent matrix is intended to be a tool for you as a parent to help support your child’s learning. The table below contains all of the Grade 1 English Language Arts learning standards. Learning standards describe the knowledge and skills that students should master by the end of Grade 1. Each standard has a specific code. For example, RL.1.1 stands for “Reading for Literature Grade 1 Standard 1.” You will often see these standards referenced on your child’s quizzes, worksheets, tests, etc.

You should access the recommended resources in the right hand “Resources” column electronically by clicking on the hyperlinks provided. However, we suggest that you also download and print this matrix. You will notice that the column all the way to the left is marked “Parent Notes.” You can use this column to take notes on your child’s progress. You may wish to check off each standard after you have worked on it with your child.

In English Language Arts, there are six main categories of standards. These include Reading Standards for Literature, Reading Standards for Informational Texts, Foundational Reading Skills, Writing Standards, Speaking & Listening Standards, and Language Standards. Each category is highlighted in a different color. In class, students will typically work on standards from multiple categories at one time. Your child’s teacher will be able to tell you which standards you should focus on with your child throughout the year.

We hope that this parent matrix is a valuable resource for you. If you find that you would like additional practice materials to work on you can use the standard codes provided below to search for additional resources.
