Archdiocese of New York Grade 5 English Language Arts Parent Matrix

This parent matrix is intended to be a tool for you as a parent to help support your child’s learning. The table below contains all of the Grade 5 English Language Arts learning standards. Learning standards describe the knowledge and skills that students should master by the end of Grade 5. Each standard has a specific code. For example, RL.5.1 stands for “Reading for Literature Grade 5 Standard 1.” You will often see these standards referenced on your child’s quizzes, worksheets, tests, etc.

You should access the recommended resources in the right hand “Resources” column electronically by clicking on the hyperlinks provided. **However, we suggest that you also download and print this matrix.** You will notice that the column all the way to the left is marked “Parent Notes.” You can use this column to take notes on your child’s progress. You may wish to check off each standard after you have worked on it with your child.

In English Language Arts, there are six main categories of standards. These include Reading Standards for Literature, Reading Standards for Informational Texts, Foundational Reading Skills, Writing Standards, Speaking & Listening Standards, and Language Standards. Each category is highlighted in a different color. In class, students will typically work on standards from multiple categories at one time. **Your child’s teacher will be able to tell you which standards you should focus on with your child throughout the year.**

We hope that this parent matrix is a valuable resource for you. If you find that you would like additional practice materials to work on you can use the standard codes provided below to search for additional resources.

### Foundational Reading Skills
**Grade 5 Standard 4 (RF.5.4)**

Students must be able to read with enough accuracy and fluency so that they understand what they are reading. Often, if students are struggling to pronounce words or read fluency, they do not understand what they read. A student who comprehends what he reads will:

- **A.** Read a grade-level text and understand why he/she is reading it and what it means.
- **B.** Read both prose and poems out loud with accuracy, appropriate speed, and in an expressive manner. Students will be able to do this multiple times without a problem.
- **C.** Use clues in the surrounding sentences to understand words they might be familiar with. This might require that students go back and reread certain parts of a text.

Practice reading prose and poetry out loud with your child. Provide your child with feedback. For example, “It seems you are reading a bit slow in this part of the poem,” or, “Can you show more excitement when you read this line?”

Allow your child to read the same book(s) to you often, so that he can see how much he is improving.

Remind your child to reread when what he/she read does not make sense.

Help your child look for clues to help him/her understand new words. Do not just tell him/her what the word means. Discover the meaning together.

### Writing Grade 5 Standard 2 (W.5.2)

Students must be able to clearly explain a topic and convey information in writing. They must be able to:

- **A.** Introduce the topic they are writing about, provide a general observation and focus, and organize the information by linking related pieces of information logically and including headings, illustrations, and multimedia as necessary for comprehension.

- **B.** Provide more detail – including facts, definitions, examples, and quotations as necessary.

- **C.** Use words such as “in contrast” and “especially” to connect facts within and across groups of information.

- **D.** Use precise language and vocabulary specific to the topic.

- **E.** End their explanation with a conclusion that ties everything together.

Encourage your child to write informative pieces about books he/she reads or other ideas you discuss at home. **Writing Grade 5 Standard 4 (W.5.4)**

Students must be able to write pieces that are clearly organized, written coherently, and focused appropriately on a given assignment as described above in standards 1-3 (e.g. opinion piece, informative text).

A. They should also be able to create text (print or nonprint) that explores different cultures and perspectives.

Encourage your child to write different pieces about books he/she reads, ideas, or other events he/she experience and/or prompt him/her to produce text about other cultures and perspectives. Before your child writes his/her piece, help him/her organize his/her work by brainstorming and writing down some ideas first. Either give your child a specific assignment or ask your child to identify his/her purpose for writing – to argue a point (opinion piece), to inform (explanatory piece), or to tell a story (narrative). Refer to the specific expectations for each type – explained above in standards 1-3 – to ensure your child includes all necessary elements. If he/she did not include all of these components, help him/her edit his/her writing to include all of these components.
