Inspiring Faith and Innovation in Central Westchester Catholic Schools

At the heart of our Catholic elementary schools is a commitment to nurturing the whole child—mind, body, and spirit—through a faith-based education rooted in Gospel values. Our schools embrace the mission of forming students who are lifelong learners, compassionate leaders, and faithful stewards of God's creation. We prioritize excellence in teaching by investing in professional development opportunities for our educators, ensuring they are equipped with the latest strategies and tools to inspire curiosity and critical thinking. By integrating technology into the classroom, we foster dynamic, engaging, and personalized learning environments that prepare students to navigate an ever-changing world while remaining firmly grounded in their faith.

Guided by our Catholic mission, we instill a love for service and charity through hands-on projects that connect students to the needs of their communities and the call to serve others as Christ did. We also utilize MAP Assessment data to inform instruction, tailoring learning experiences to meet the unique needs of every student. This data-driven approach allows our educators to celebrate individual strengths, address challenges, and ensure that all students grow academically and spiritually. Through a blend of faith formation, rigorous academics, and a commitment to serving others, our schools prepare students not only for success but also for lives of purpose and integrity.

Information is gathered from the most recent census conducted on October 1, 2024.
