Enrollment

# Excellence and Innovation in Manhattan Catholic Schools

The schools in the Manhattan Region are Christ-centered, faith-based communities that partner with families to support students' academic, spiritual, and emotional growth through responsive, high-quality instruction.

Students consistently excel, as demonstrated by their strong performance on state exams and exceptional growth and achievement on benchmark assessments, surpassing national norms and Archdiocesan averages.

A culture of data-driven instruction allows us to tailor learning to meet each student's needs, with the Measures of Academic Progress (MAP) benchmark assessment providing essential insights to ensure academic success.

Together, we form a diverse, collaborative Catholic community of unique schools dedicated to educating the whole child and fostering both individual and collective success.

Information is gathered from the most recent census conducted on October 1, 2024.
